

Healthy Sports Grants

For community sporting clubs and district sporting associations

Guidelines for funding

Healthway is inviting community sporting clubs and district associations to apply for a Healthy Sports grant to increase healthy eating throughout the WA sporting community.

We understand the importance of inspiring a love of healthy food and drinks amongst young people from an early age. Local sporting clubs and district associations play a big role in the health and wellbeing of communities as this is where young people are most active. It makes sense then, that sporting clubs and district associations provide young players the food and drinks they need to perform at their best.

We understand food environments within sporting clubs and district associations are all very different, and they are mostly volunteer run. That is why Healthway is offering Healthy Sports grants to support you to make healthy changes to the food and drinks offered.

Through working together, we can create change to give all kids throughout WA the healthy start they deserve. By harnessing the power of community and taking small steps together we will:

- Increase availability and access to healthy food and drinks at sporting activities.
- Increase the promotion and where possible the sale of healthy food and drink items.
- Increase knowledge of both young people and parents/guardians around healthy eating.
- Reduce our young people's exposure to the marketing of unhealthy brands*.
- Increase the knowledge of canteen/kiosk managers and or staff (including volunteers) in offering healthy food and drink options in club or district association facilities.

* A definition can be found on page 13.

Who is eligible for funding?

To be eligible for Healthy Sports funding, clubs and district associations are required to meet the following criteria:

- Be an incorporated association, company, statutory body or trust.
- Be ABN registered or provide a 'Statement by Supplier' form.
- Fulfill all previous acquittal requirements for Healthway funded programs.
- Compete in (club) or facilitate (district association) a recognised sporting competition.
- Hold a public liability insurance policy of at least \$10,000,000 for the term of the project.
- Have appropriate Health and Safety and Risk Management policies and practices in place to deliver the project.
- Comply with all State and Commonwealth Laws which apply to the project including those relating to COVID-19 measures.

A club or district association is not eligible if it:

- Has an existing Healthway partnership for the same period.
- Has received Healthy Sporting Club funding in either 2020 or 2021.
- Receives or is eligible to receive Healthway funding directly through a State Sporting Organisation.

Working together

We want to partner with organisations who are committed to working with us to achieve good health. We will generally not provide funding to organisations that have arrangements (direct or indirect) with sponsors or supporters resulting in the promotion of unhealthy brands or messages* as outlined in our **Co-Supporters Policy**.

To meet this requirement of funding, you will need to demonstrate that your club doesn't have any unhealthy supporters or sponsors. In some circumstances Healthway may still provide support for clubs or associations transitioning out of long-term agreements. Please refer to Healthway's **Co-Supporters Policy** on our website for further information.

To ensure funded activities align with our core purpose of promoting and facilitating good health, several minimum requirements are applied as a condition of funding. Please refer to Healthway's **Minimum Health Requirements Policy** on our website for further information.

* A definition can be found on page 13.

Healthy Sports funding

Funding of up to \$2,000 is available to sporting clubs to undertake simple healthy eating actions.

Additionally, clubs with a canteen/ kiosk can apply for extra funding of up to \$2,000 (\$4,000 in total) to improve its facilities to support the sale of healthy items.

Registered District Sporting Associations with a canteen/kiosk can also apply for option 2.

Funding option	Who's eligible	Funding amount
1 OPTION 1: Healthy Clubs	Sporting Clubs	Up to \$2,000
2 OPTION 2: Healthy Clubs + Green Canteen	Sporting Clubs with a canteen/kiosk and District Associations	Up to \$4,000

We will connect successful Healthy Sports funding recipients with a dedicated health promotion professional from the Fuel to Go & Play® team who will support organisations through every step of the program.

Your Fuel to Go & Play® Coach will meet with you (site visits / phone calls / virtual meetings), to provide ongoing advice, and assist with:

- **Practical strategies** to improve canteen/kiosk menus and the promotion of healthy food and drink options.
- **Face to face information sessions** for clubs.
- **Online training**, including the Fuel to Go & Play® Canteen & Food Service Staff training and the Club Official and Stakeholder training

You will also be provided with a **Healthy Sports Tool Kit** including a checklist, fact sheets, posters, social media tiles and email templates for healthy food/drink rosters to guide you through the program.

Funding Option 1 : Healthy Clubs

Healthy Clubs funding is available to sporting clubs who do not have canteen facilities but can take action to promote the importance of healthy eating.

(Clubs with a canteen/kiosk and district associations can also apply for an extra \$2,000. Please see the Funding Option 2 section on page 7)

The actions of the Healthy Clubs program include:

- Club President signing a Healthy Clubs Pledge
- Appointing a Healthy Clubs Co-ordinator
- Completing the Fuel to Go & Play® Club Official and Stakeholder training
- Encouraging a culture where members choose healthy food and drink options pre, during and post the game. This may be through:
 - Working closely with team managers to provide guidance around food rosters
 - Discouraging the provision of unhealthy food and drinks on game day
 - Promoting healthy eating through social media
 - Ensuring game day rewards (e.g. best player) only promote healthy options
 - Educating club members about healthy food and drink options
 - Ensuring club organised activities (e.g. windups) provide healthy food and drink options
- Hosting a healthy food and drink activation
- Completing an acquittal form including project expenditure and information on what worked well or what could be improved.

Although these steps are relatively simple, a dedicated health promotion professional, called your Fuel to Go & Play® Coach will be available to guide you through each step at your own pace. (Example checklist opposite).

The image shows a 'HEALTHY SPORTS COORDINATOR CHECKLIST' on a green background with fruit and sports icons. The checklist is a table with 10 rows of tasks and checkboxes. The tasks are: Club president signed Healthy Sports Pledge, Communicated participation in the Healthy Sports program with members (fact sheet), Fruit Roster sent to all Junior team managers using the email template, Healthy Sports posters featured in club e-newsletters/club website, Healthy Sports posters situated throughout the club rooms, Healthy Sports social media tiles posted (Facebook/Instagram etc), Club representative completed the Fuel to Go & Play® Club Officials and Stakeholder online training, Coordinated at least one educational activation for club members to promote healthy eating and drinking (see page 7 of the Healthy Sports Toolkit for ideas), and Provided links for online training, healthy recipes and nutrition information to the Canteen Coordinator (if relevant).

healthway

Funding Option 1 : Healthy Clubs funding

Funding **up to \$2,000** can be provided to support your club to implement the Healthy Clubs program.

Up to \$500 (through a gift voucher) can be provided to the Healthy Club Co-ordinator for investing their time to improve the health of your members. A tool kit with a checklist has been developed to guide you through this process.

The other \$1,500 can be used in ways that assist you in promoting healthy eating as suggested in the tool kit. This may include:

- Engaging the expertise of a dietitian to present a nutrition seminar.
- Supplying fruit, healthy snacks and water for pre, during and post-game/competitions, or
- Exploring other ways your club can promote healthy food and drink options.

Some example budget items are shown in the Budget section on page 9.

Funding Option 2 : Healthy Clubs + Green Canteen

Clubs with a canteen/kiosk can apply for **extra funding of \$2,000 (\$4,000 in total)** to increase the availability of healthy food and drink options provided through the club canteen/kiosk. If you are club without a canteen/kiosk please refer to Funding Option 1: Healthy Clubs page 6 for available funding.

District sporting associations with canteen/kiosk facilities are also eligible to apply for \$4,000 to increase the availability of healthy food and drinks provided through its centre.

It is an essential requirement of this component of funding that at least one person from your club or district association completes the Fuel to Go & Play® **Canteen & Food service staff online training**.

Your Fuel to Go & Play® Coach will work with you through the following steps.

Action	What you will need to do
Increase the availability and access to healthy food and drink* options.	<p>With support provided by the Fuel to Go & Play* team:</p> <ul style="list-style-type: none">• Review your menu – with the Fuel to Go & Play® team using the Traffic Light System of categorising food and drinks (includes pre-packaged food and drinks and recipes).• Make changes towards a healthy food and drink* menu – working towards achieving targets of a minimum 40% green and maximum 30% red food and drink items being available for sale at the club canteen / kiosk.
Increase the promotion and where possible the sale of healthy food and drink* options.	<ul style="list-style-type: none">• Advertise (or create specials on) healthy food and drink* options only – the Fuel to Go & Play® team will help you develop and implement strategies to better promote healthy food and drink options such as healthy meal combos, colour coding of menu items and placement of food and drink items
Increase knowledge of healthy food and drinks*	<ul style="list-style-type: none">• Promote healthy food and drink* options to the club – including pre, during and post sport food and drinks via newsletters, social media and other promotional means (posters, canteen display)

* Definitions of these words can be found on page 13.

Action	What you will need to do
Reduce the promotion of unhealthy messages or brands.	<ul style="list-style-type: none">• Agree to the non-display of sugary drinks* – sugary drinks may not be displayed (but can still be sold) and related promotional signage may not be displayed within the venue.• Remove any unhealthy brand advertising - replace prominent unhealthy advertising/brands with healthy educational tools (posters, healthy foods/ drinks)
Increase the knowledge of canteen/kiosk managers, and or staff (including volunteers) in offering healthy food and drink options in club or association facilities.	<ul style="list-style-type: none">• Complete the Fuel to Go & Play® Canteen & Food Service Staff online training – A minimum of one club representative must complete the free online training, however canteen/ kiosk managers and other key staff are encouraged to do so. The training will take about 90 minutes to complete.

Funding Option 2 : Green Canteen funding

Amongst other things, funds granted for the Green Canteen component of this program can be used to help provide equipment to make preparing and selling healthy food and drinks a little easier. Hosting education session for members can also be helpful so they understand what the club is doing. Ideas include:

- Purchase equipment to assist in the preparation and promotion of healthy food and drinks e.g., a display fridge, sandwich press, food preparation equipment.
- Promote water as the preferred drink option and install a water bubbler.
- Host education workshops or information sessions to educate members on healthy food and drink options e.g., engage the expertise of a dietitian to present a nutrition seminar.

Budget

Funding must be used for a range of activities including education and nutrition initiatives. Examples of items you can allocate in your budget are provided below.

Remember that for the Healthy Clubs initiative you can apply for \$2,000 and an additional \$2,000 for the Green Canteen initiative, if you are eligible. (Please see Option 2 Green Canteens on page 7 to check your eligibility).

Please note these are only suggestions, and your club or district association may have other ideas as to what will work best for you. Please call us if you would like to discuss your ideas.

Action	Description of service/product	Cost (ex GST)
Healthy Clubs Co-ordinator		
<ul style="list-style-type: none"> Provide an incentive for a club representative to co-ordinate the program. A gift card or voucher to the maximum value of \$500 can be purchased to reward your Healthy Club Co-ordinator. <p>If District Associations already pay their staff, this amount can be used by the organisation for something else.</p>	Voucher for the Healthy Club Coordinator (e.g. Sports store, Supermarket chain, Shopping centre, etc.)	\$500
Education Initiative		
<ul style="list-style-type: none"> Nutrition seminar for members; tailored to children and/or adults on nutrition for playing sport and post sport recovery Food safety and hygiene training 	1 x nutrition seminar for members (contact the Fuel to Go & Play® team for details)	\$300
Nutrition Initiative		
<ul style="list-style-type: none"> Supply free fruit for a post-game snack 	Fruit salad cups, whole fruit, fruit pieces (e.g. watermelon)	Various
<ul style="list-style-type: none"> Purchase containers and food safe storage for fruit, veg and other healthy items to provide during sporting activities 	Esky for keeping fruit and veg snacks cold	\$50
	Plastic tub for oranges / cut fruit and veg	\$30
<ul style="list-style-type: none"> Launch the healthy sports program by providing free samples of healthy food and drink option to educate members on pre/during and post-game nutrition 	Healthy Sports program launch - food and drink giveaways	\$500

Action	Description of service/product	Cost
Green Canteens Only*		
• Upgrade club owned canteen equipment to enable staff to safely prepare and store healthy fresh food for our members	1 x blender (commercial grade)	\$300
	1 x professional cutting boards	\$50

Education Initiative		
• Nutrition seminar for members; tailored to children and/or adults on nutrition for playing sport and post sport recovery	1 x nutrition seminar for members (contact the Fuel to Go & Play® team for a specific quotation)	\$300
• Food safety and hygiene training		

* Ineligible items include (but are not limited to) BBQs, cash registers, deep fryers.

Acquittal

At the conclusion of the Healthy Sports program, clubs and district associations will need to complete a brief acquittal report to provide evidence of expenditure against the budget and detail what worked well and what could be improved.

All clubs and district associations will also be asked to provide details and copies of:

- The actions you undertook to increase healthy eating and drinking amongst your members.
- The Healthy Club Coordinator or other club representative completing the Fuel to Go & Play® Club Official and Stakeholder training.
- Receipts relating to all expenditure including the gift voucher given to the Healthy Clubs Co-ordinator, if relevant.
- Photos of your healthy food and drink initiatives promoting healthy pre, during and post-game nutrition.

Furthermore, recipients of the Green Canteen funding will also be asked to provide:

- Fuel to Go & Play® Canteen and Food Service staff training certificate for at least one club canteen representative.
- Photos of your canteen or kiosk before and after you have made changes, including your menu, fridges and counters that demonstrate non-display of sugary drinks. Photos of your healthy food and drink initiatives promoting healthy pre, during and post-game nutrition are also required.

Payments

Healthway will gross-up your grant by 10% if your club or district association is registered for GST.

Healthy Clubs

Funding of up to \$2,000 will be paid direct to the club in one payment on completion of the Fuel to Go & Play® Club Official and Stakeholder online training.

Healthy Clubs + Green Canteen

Funding of up to \$4,000 will be paid direct to the club in one payment on completion of the Fuel to Go & Play® Club Official and Stakeholder online training, the Fuel to Go & Play® Canteen and food service staff online training and after the club has met with the Fuel to Go & Play® team.

How to apply

The Healthy Sports program is open year-round, and covers a period of two (2) years, providing adequate time for planning, development and execution of healthy eating actions. Ideally, sporting clubs and district associations will apply for funding prior to the season and spend the first year educating their members, developing healthy eating strategies, buying equipment (if relevant), trialling what works and seeking feedback from members. The actions can then be implemented in full during the second season.

Your Fuel to Go & Play® Coach will provide support to clubs and district associations over the two (2) years.

To lodge a Healthy Sports funding application, complete the following steps:

1

Read and agree to our **Conditions of Funding** as part of your application. A Conditions of funding letter, signed by the Chairperson or President of the Club and one other Committee Member must be attached to your application.

2

List your current Directors / Board or Management Committee members.

3

Register and complete all sections of the Healthy Sports application form which can be found online [here](#).

4

Upload a copy of your club or district association's bank statement to confirm your club's bank details

Definitions

Healthy food and drinks

Refers to food and drinks that have a high nutritional value and are low in saturated fats, added sugar and salt. Those classified as “green” under the Fuel to Go & Play® traffic light system.

Unhealthy brand

A brand whose products, services, activities, or messages are likely to cause negative health impacts. Unhealthy brands include, but are not limited to:

- brands of alcohol, food, and beverages with low nutrients and high in kilojoules, saturated fat, added sugar, or added salt
- the promotion of gambling products to underage audiences, and
- tobacco products (including cigarettes, heated tobacco products, e-cigarettes, and e-cigarette devices).

Sugary drinks

Refers to all non-alcoholic water-based beverages with added sugar, including sugar-sweetened soft drinks, energy drinks, fruit drinks, sports drinks and cordial. This term does not include milk-based products, 100% fruit juice or non-sugar sweetened beverages (i.e. artificial, non-nutritive or intensely sweetened)
