Healthway and the McCusker Centre for Action on Alcohol and Youth are pleased to invite you to a seminar on

The Liquor Control Act Review: Opportunities for Public Health

Tuesday 29 July, 8.45am

Effects of changes in alcohol trading hours in Newcastle, Australia, and other countries

Professor Kypros Kypri
Senior Brawn Research Fellow
University of Newcastle, Australia

Professor Kypros Kypri is an NHMRC Senior Research Fellow in alcohol-related injury epidemiology. Professor Kypri was one of the co-founders of the alcohol research group at the University of Newcastle which is the hub of several national and international collaborative studies. These address a range of methodological, aetiological and intervention studies addressing the burden of injury and disease attributable to alcohol.

National Drug Research Institute:
Alcohol policy research activity
William Gilmore
Research Fellow

The effect of alcohol outlets, sales and trading hours on alcohol-related injuries at emergency departments in Perth (2002 to 2010)
